OUR G'LOVE STORY

———— For the fashion conscious Golf Lover ————

No longer must you sacrifice performance for aesthetics
while out on the course or range.

Our Mallorca branch of
Backswing Fashion
has developed golf gloves go along with designer lines
in sportswear and golf clothing.

After decades in the fashion and golf industries,
we saw a vacancy in the market for fashion focused gloves
that did not compromise on function.

Our B·Gloves are made of high quality,
genuine cabretta leather
with reinforced palms for a secure grip
and pure control.

A highly elastic elastane fabric on top of the hand
improves flexibility while empowering fashion conscious golfers.

Our unique prints are exclusively selected
to make a statement as subtle or bold as they want.

With our B·Gloves we promise
a strong performance with a handful of glamour.

Inspired by a lifestyle seaside
on our beautiful island and golf paradise Mallorca,
we design every single glove
with great attention to detail and much love.
